LIFTING EQUIPMENT

WIMAG COMPLETE PRODUCT RANGE

- Construction Equipment
- Lifting Equipment
- Cranes
- Vacuum Lifters
- Workshop Equipment

Construction Equipment

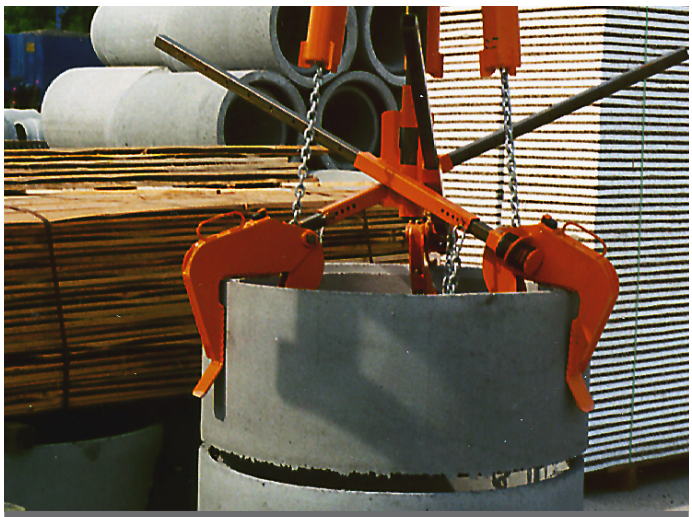

In our range you will find pipe suspension grabs, pipe grabs, manhole and cone grabs, pipe hooks, pipe chain slings, sheet pile clamps, pulling devices, pipe pullers and many other useful construction equipment. We can meet special requirements with individual special constructions. Our aluminum tripod with winch, for example, facilitates the work and is easy to transport.

105 | Manhole Clamp

110 | Pipe Suspension Grab

112 | Pipe Grap

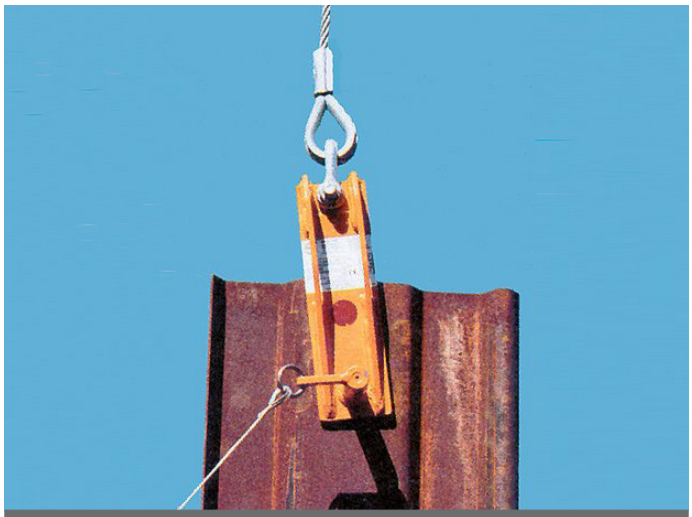

113 | Manhole And Cone Clamp

115 | Pipe Laying Hook

118 | Pipe Chain Sling

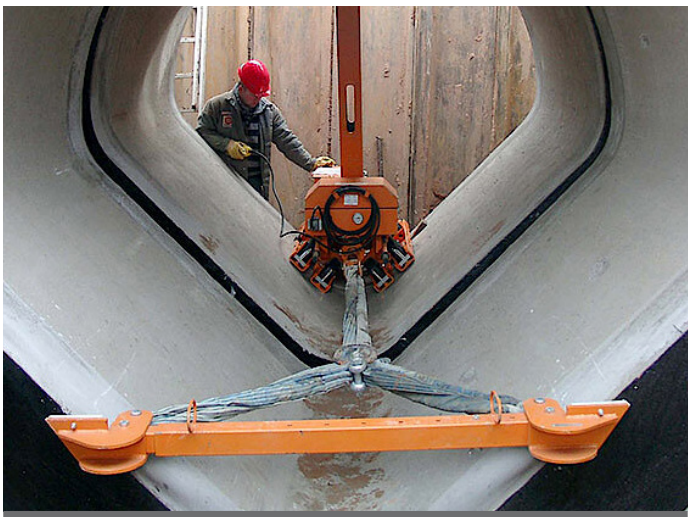

123 | Sheet Pile Clamp

124 | Mini Pipe Layer

125 | Pipe Pulling Device

128 | Pipe Puller

129 | Pipe Layer

131 | Round Grab

132 | Round Clamp

134 | Hydro Grab

135 | Road Gully Grab

136 | Internal Manhole Grab

137 | Manhole Housing Grab

138 | Manhole Cover Lifter

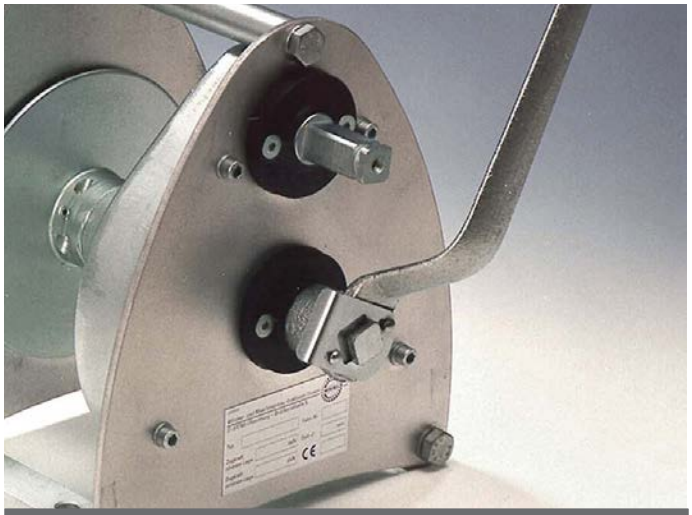

140 | Aluminium Tripod

144 | Aluminium Tripod With Winch

Lifting Equipment

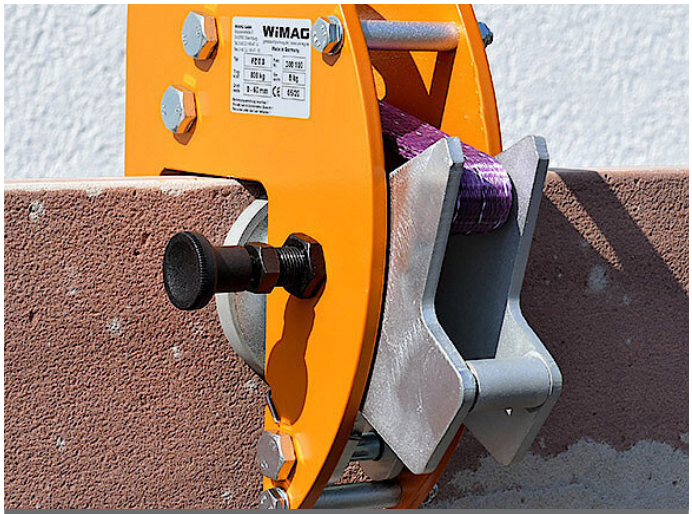

Lifting equipment is an indispensable aid for transporting and laying slabs.
We also offer solutions for the safe transport of concrete parts, concrete blocks, paving stones, palisades and more. In our range you will find different rope winches, grabs such as flat clamps, block clamps or clamps for upright slabs, lifting equipment for kerb stones, border stone lifters or boulder grabs.

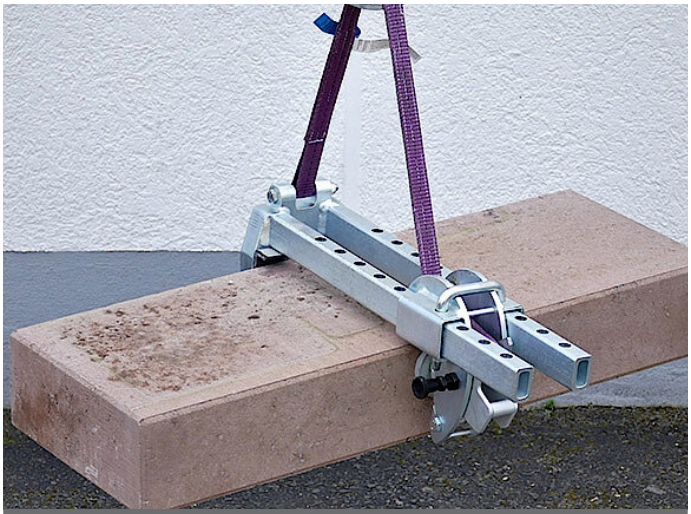

200 | Rope Winch

206 | Motor For Manual Winch

300 | Flat Clamp

303 | Block Clamp

305 | Clamp for Upright Slabs

307 | Border Stone Lifter

308 | Kerb Stone Lifter

309 | Screw Clamp

315 | Flat Grab

316 | Boulder Grab

330 | Wall Panel Lifting Gear

346 | Jumbo Block Pincer

350 | Floor Panel Lifting Gear

355 | Gutter Stone Clamp

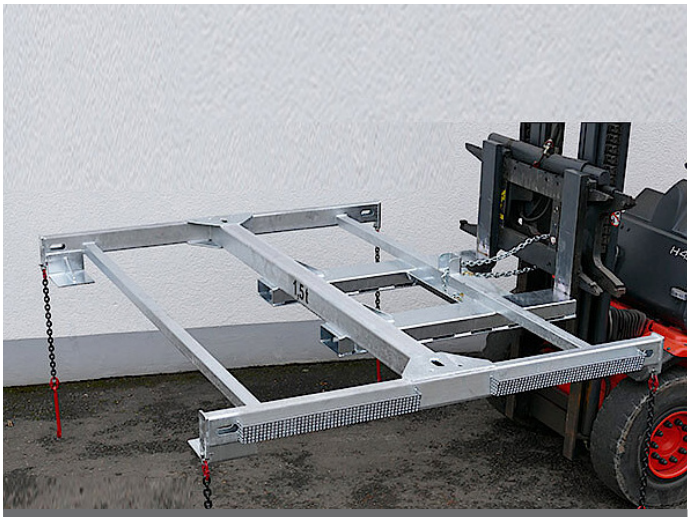

380 | Stone Clamp

382 | Stone Lifter

383 | Hollow Block Clamp

405 | Lifting Beam

410 | Aluminium Lifting Beam

422 | Load Rotating Beam

450 | Pallet Lifter PH

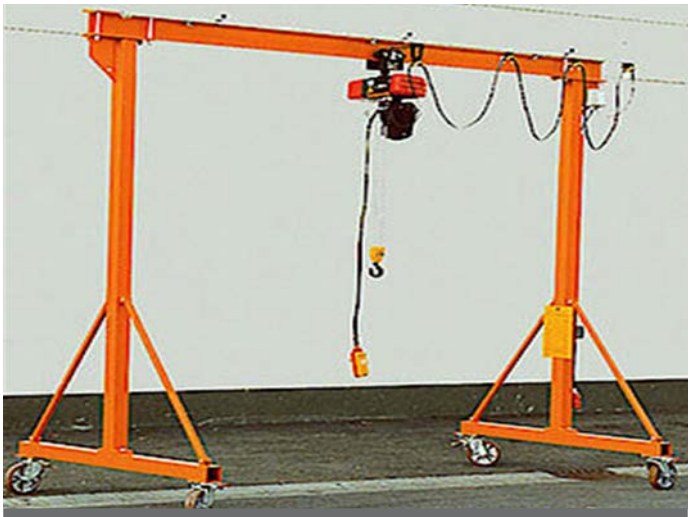

451 | Pallet Lifter PHA

Cranes

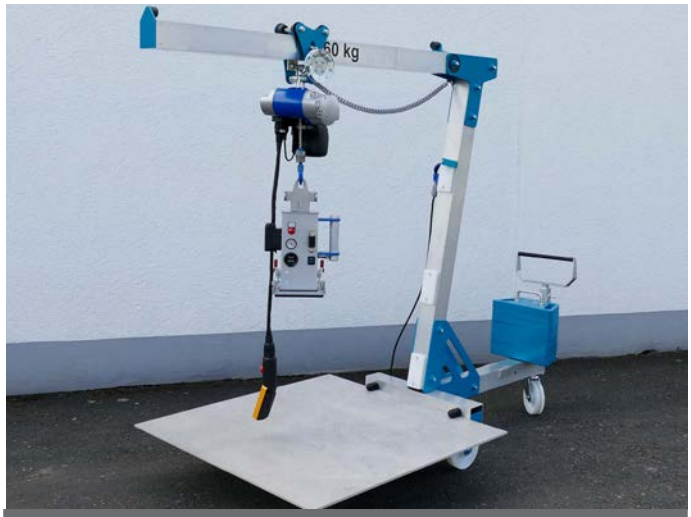

Various crane solutions, for a wide range of applications. Our V-gantry crane and the KPK gantry crane, for example, are suitable for a manually or electrically operated hoist for indoor and outdoor use. The aluminum fourleg crane is optimal for fast assembly and disassembly by one person and is made of high quality aluminum profiles.

505 | Gantry Crane

515 | Frame Crane

518 | Aluminium Jib Crane

520 | Alu-Ruck-Zuck

525 | Aluminium Fourleg

526 | Mobile Aluminium Crane

530 | Aluminium Gantry Crane

535 | Mobile Aluminium Crane

540 | Travelling Crane

550 | Aluminium Travelling Crane

555 | Free-Standing Mobile Jib Crane

Vacuum Lifters

Our vacuum lifters support you in a wide variety of work.
The handy Alpha-Levator with battery or mains operation makes it easier for you to lay non-porous slabs of concrete or natural stone. Plastics or sheet metal can also be easily lifted by the Alpha-Levator.

810 | Alpha-Levator

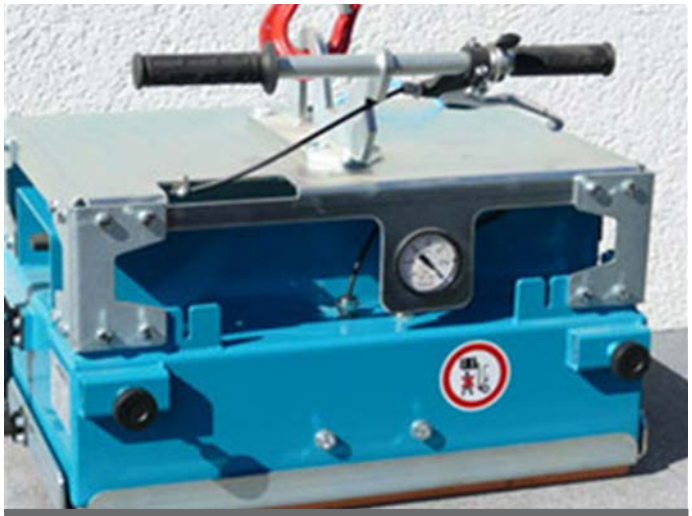

816 | Beta-Levator

817 | Beta H-Levator

818 | Turbo M-Levator

819 | Turbo H-Levator

820 | Gamma-Levator

840 | Uni-Levator

860 | Kappa-Levator

Workshop Equipment

Steel sheet workshop equipment is simply the best choice for professionals. Our trolleys are welded or bolted together to ensure long-lasting and professional use. Each trolley is crafted to meet the highest standards.

Our workshop equipment is robust, reliable and durable - ideal for professional use in the workshop.

901 | Trolley

902 | Magazine Trolley

903 | Z-Trolley

905 | Rigging Equipment Trolley

906 | Aluminum Mounting Rack
